PROFESSIONAL SUMMARY

Finance student (Financial Analytics concentration, GPA 3.4) with hands-on experience in financial modeling, data analysis, and B2B sales. Contributed to a proposed retail concept for a Fortune 10 company, projected to cut process wait times 87.5% if adopted; built and deployed a Python portfolio-optimization app (Sharpe/Sortino, correlation, efficient frontier); generated measurable revenue and retention gains across three sales and analytics internships.

CORE SKILLS

Financial Modeling & Analysis (Excel, Python) • Data Analysis & Visualization (SQL, Tableau) • Market Research & Consumer Insights
Git/GitHub & VS Code • AI-Assisted Development (ChatGPT, Claude, Gemini) • B2B & B2C Sales • English & Spanish (Fluent), Portuguese (Conversational)

PROFESSIONAL EXPERIENCE

Office of Student-Athlete Success, University of Arkansas
Learning Assistant May 2026 – Present

- Host study halls for multiple sports programs, overseeing attendance and monitoring academic progress for 40+ student-athletes.
- Deliver one-on-one tutoring to student-athletes from multiple sports across business courses (1000–4000 level, including Finance, Accounting, Management, and Economics) and Programming Fundamentals.
- Contributed to the football program posting a 3.27 cumulative GPA in Spring 2026 — the highest in program history — through structured study hall support.
- Partner with academic coordinators and coaching staff to track student progress and flag at-risk students.

Academic Tutor Jan. 2025 – May 2026

- Delivered one-on-one tutoring for student-athletes across business courses (1000–4000 level) and Programming Fundamentals, collaborating with faculty and staff to ensure academic progress and eligibility.

Stock Management Intern — TeLoCompro Bo, Santa Cruz, Bolivia Jan. 2024 – Mar. 2024

- Managed a full inventory of 2,000 products.
- Segmented 300 customers into 4 behavioral groups, recovering 50+ previously lost customers.

EnviosPet, Santa Cruz, Bolivia
Sales & Product Intern Feb. 2023 – Jul. 2023

- Recruited back for a second internship following strong 2022 performance; collaborated directly with the CEO, CFO, and CTO on the new SaaS platform's UI/UX and sold it to 25 veterinary centers across Bolivia and Paraguay.
- Trained 20 business owners with no prior software or computer experience, generating $3,000 in added profit for their veterinary clinics and $1,000 in average monthly profit for EnviosPet.

Sales and Customer Analysis Intern Feb. 2022 – Aug. 2022

- Analyzed and segmented 500+ customers by behavior, re-engaging 80 lost accounts, and organized a co-marketing campaign spanning 50 local businesses.

RELEVANT PROJECTS

Sam's Club Design Team — Team Member Jan. 2025 – May 2025
McMillon Innovation Studio, Univ. of Arkansas College of Business

- Designed “Return & Go,” a redesigned Sam's Club service-desk return experience projected to cut return-process wait times by 87.5% while preserving associate-member interaction.
- Contributed to customer discovery, research, and prototyping as a team member, partnering with Sam's Club stakeholders; selected as a Demo Day finalist team for the proposed solution.

Portfolio Tracker App — Class Project, Financial Data Analytics II Spring 2026

- Built and deployed a portfolio analytics web app in Python (Streamlit) computing risk-adjusted returns (Sharpe, Sortino), rolling volatility/drawdowns, correlation-covariance matrices, and Markowitz portfolio optimization (GMV, Tangency, Efficient Frontier).
- Used VS Code, Git/GitHub, and AI coding tools (ChatGPT, Claude, Gemini) throughout development — juanpablohoyosc-portfolio-app.streamlit.app.

Razorcalc — Personal Project Fall 2026

- Built and deployed a free TI-84-style web calculator for students (graphing, statistics, finance) using AI coding tools.

“Que Planes?” — Entrepreneurship Final Project Nov. 2023

- Won first place out of 7 teams in a university-wide pitch competition, earning an academic scholarship, for a business and financial structure designed for a proposed entertainment app.

EDUCATION

Bachelor of Science in Business Administration (B.S.B.A.), Finance Expected December 2026
Financial Analytics Concentration
Walton College of Business, University of Arkansas — GPA 3.4 — Relevant Coursework: Financial Data Analytics II
